

The background of the slide is a light blue, semi-transparent image of various rod-shaped bacteria, likely Bacillus or Clostridium species, arranged in a dense, overlapping pattern. The bacteria are shown in different orientations and some have visible internal structures like flagella or spores.

Seminario: Microbial Anthropology 'A bacterial perspective of human history and evolution'

Mercoledì 27 Marzo, Ore 14:30 h

Aula 1, Dipartimento di Biologia, Via del Proconsolo n.12 Firenze

Relatore:

Andrea Quagliariello, Ph.D.

Department of Comparative Biomedicine and Food Science (BCA)

University of Padua
